Dear (Childs Name),

Merry Christmas!

Thank you for your letter – I enjoyed the lovely pictures.

I've been checking my lists and can see that you've been a good (boy/girl). I hope that you will like your stockings this year.

We're all busy as Christmas gets near.

I'm happy to say that the elves have been particularly cheerful and happy this year. We've enjoyed singing some traditional Christmas songs whilst making toys and wrapping presents.

I can hardly wait to visit (Town) this year, I've already got some lovely gifts wrapped and ready to load on the sleigh for you.

Must go now, I can hear the reindeer getting restless in the stables, I think they're getting excited !

Lots of love to you and (brothers & sisters names),

Santa Claus
