Dear (Childs Name),

Merry Christmas!

Thank you for your letter – I was glad to receive your helpful list as it's hard to know what gifts to bring without them.

The elves and I have been having fun snowballing, that is, when we're not busy wrapping presents.

I seem to have had more letters than ever this year. With so many more children I've had to grease the runners on the sleigh so that I can travel extra fast this Christmas!

With NORAD tracking me on Christmas eve, it's exciting to realise that so many children will be watching my journey. I can hardly wait to fly over (Town/City) again this year.

Lots of love to you,

Your old friend,
Santa Claus
