Dear (Childs Name),

Merry Christmas!

It's been very dark here since winter began, in September! We've kept ourselves busy and amused playing snowballs and fishing through holes in the ice.

There's been even more snow than usual, so there's a lot of clearing to be done before we can get the sleigh out this year.

It's been hard to find food for the reindeer with such a hard winter. Thankfully nothing dampens their spirits and they're still eager and raring to go for our Christmas Eve deliveries.

Looking forward to visiting you in (town/city) soon,

Lots of love to you,

Your old friend,
Santa Claus
